9.00am-10.00am

Year 6 Visit to Houses of Parliament

Some members of Y6 travelled to London last week, invited to go to The Houses of Parliament by Shaun Davis, our local MP for Telford and Wrekin. We were able to go into the Houses of Parliament and have a tour around. We were able to see the House of Lords, the House of Commons as well as the Robing Room and where the King would be situated when he visits Parliament once per year. After the tour, we had a workshop to consolidate our knowledge of parliamentary workings and were able to meet with Shaun Davis's representative to ask some questions about what we had learnt.

The children were impeccably well behaved, and were complimented for their knowledge, range of questions, and memory of their learning while they were there.

NSPCC Number Day

We have signed up for the NSPCC Number Day which is on **Friday 7th February**. Children will be asked to come into school representing a number and are asked to make a **£1 donation** to the charity. For example this could be an item of clothing with a number, a costume, a badge or what ever you can come up with. We will have access to Number Day resources off the NSPCC site as well as other well known platforms. Keep practicing number activities at home and we look forward to seeing the children's outfits.
